

# BERTHOUD®

## RACER EX DP TRONIC

Trailed sprayer

18 to 24 m RLD boom or 20 to 28 m AXIALE boom

### *A precise and simple equipment*

- Diaphragm piston pump
- EX DP Tronic regulation with cumulative memory for 10 fields
- Electronic spray controls
- Hydraulic boom

### *Easy to use*

- A single control box for spraying and boom controls
- Simplified operation : Berlogic panel
- 120 litre rinsing tank (280 l optional)
- 18 litres hand wash tank
- 25 litre retractable chemical hopper

### *A product built to last*

- Welded monobloc chassis
- High-resistance polyester paint
- INOX nuts and bolts

# RACER EX / EX-S 2500 - 3200

## DP TRONIC

DPE Electronic Regulation with pressure sensor

- ▶ Accuracy, reliability, reduced maintenance

4 elements of information on permanent display

(vol/ha, pressure, forward speed, litres sprayed)

- ▶ simplicity

Cumulative memory for 10 fields

- ▶ information recorded

One in-cab control box

- ▶ minimum space requirements

## Main tank

- High-density polyethylene 2500 or 3200 litres
- direct display gauge

## Electronic spray controls

- 4 sections (6 or 7 optional)
- V.E.C.

## 2 hydraulic boom models to adjust to your needs

- RLD 18 to 24 metres
- 2 connecting link suspension
- AXIALE 20 to 28 metres suspension with central pivot and shock absorbers
- ▶ outstanding boom ride especially on hillside and head-lines

## Rinsing tank

120 litres (280 litres optional)

- ▶ respect for the environment

## Hand wash tank

18 litres

- ▶ operator security

## Retractable step

- ▶ For easy tank opening access

## Berlogic

Operation panel

- ▶ Comfort and easy to use

## Chemical Hopper

25 litre, retractable with can rinse

- ▶ comfort and safety

## Wheel track

Adjustable from 1.55 to 2.10 m

## Actiflex suspension for RACER EX-S only

Suspension totally proportional to the load

## Mechanical solution

- ▶ simple, reliable, reduced maintenance

## Pump

Diaphragm piston pump BP 280 (280 l/mn - 20 bar)

- ▶ precise and reliable
- ▶ high flow

## Rinsing nozzles

- ▶ perfect rinsing of the main tank
- ▶ operator security
